

“An unplowed field produces food for the poor, but injustice sweeps it away.”

(Proverbs 13:23)

Fields are the places where farmers work and plants vegetable and fruit tree to reproduce food for the people.

The field needs to be plowed, and for the farmer to do that he needs to work hard because the unplowed field are hard and it might even be rocky; for the sand had already been hardened due to lack of plowing and much effort is needed to prepare such kind of ground for planting.

This ground after preparation it will be a good place for different kinds of crops to be planted, to nourish man and to provide food for his herds.

God when he created the earth He planted a garden east of Eden and He brought man to it to work it and take care of it. That garden was the field that God had placed man in and it was his source to sustain his living.

God through the field is providing source of living for the people who are looking unto Him to provide them food at the different time of the year.

But injustice sweeps it away: These fields will produce food for man and sustain his living, but sin will destroy God's blessing to man. Either it is the sin of the man who is entrusted with the field or one of the man's enemies who sin and transgress against God and man. That will harm the work and the labour of the man who plow the field and work it out for living.

Injustice sweeps the fruit of the field and the blessings of God that He sends to his people. Injustice is one of the sin that God hates. It includes people abuse and withholding the rights of the poor; pursuing impartiality and favouritism toward certain people, and accepting bribe to give the rights of the poor to those who do not deserve them.

God wants you to be aware of all of that to avoid being an instrument of the evil one. As well as God wants you to be aware of the wicked scheme to avoid it.

My Prayer

Father God I come before you in the name of Jesus who died on the cross for my sins to give me eternal life. Lord I thank you for your word that gives me wisdom and understanding. Lord I commit myself to be an instrument in your hand to perform your work and do your will, this all we ask and pray in Jesus name Amen.

“Look! The wages you failed to pay the workers who mowed your fields are crying out against you. The cries of the harvesters have reached the ears of the Lord Almighty.”
