

“Of what use is money in the hand of a fool, since he has no desire to have wisdom?”

(Proverbs 17:16)

Money can be used for noble purposes and for doing good things for God.

Money can be used to live in a better way and to make life easier if we would know how to use what God had given to us in a correct way.

Money will be effective if it is combined with wisdom. If a person has wisdom he can make use of what God had given to him.

Wisdom will bring the following privileges for the money.

1- The right use of money: *Wisdom will help the person to take right decision and proper choices to what he need. In this case money will be given in exchange of useful and beneficial things that makes life wonderful with God’s grace.*

2- The effective use of the money: *Even if the money is small in amount, but in the presence of wisdom money*

will have more impact due to the presence of the wisdom of God.

What use is money in the hand of a fool: *People who have money but do not have wisdom, money are of no use to them. They will not use the money in the right way and they might harm themselves with the wrong choices. They even might harm others by using the money in wrong ways to promote evil and wicked things.*

People first priority is to gain wisdom from the Lord that will enable them to use money in the right way. Therefore before you think to earn more and to have more ask yourself whether you have the wisdom from God to handle properly the money and the other material things that God would put in your hand.

My Prayer

Father God I come before you in the name of Jesus who died on the cross for my sins to give me eternal life. Lord I ask you to give me more wisdom and direct me to use my money and all the material blessings that you had given to me in the right way, this all I ask and pray in Jesus name Amen.

“If any of you lacks wisdom, you should ask God, who gives generously to all without finding fault, and it will be given to you.”
